

Cruciate ligament examination form

Your CBA Pet Insurance policy has a waiting period of 6 months starting from the initial commencement date of the policy for cruciate ligament (and related) conditions. This means that if such a condition develops during this waiting period (or was pre-existing at the policy commencement date), your policy will not cover cruciate ligament conditions. This waiting period may be waived depending on the results of a veterinary examination of your pet (at your expense).

To apply for this waiting period to be waived:

- Your vet must examine your pet and complete and sign this form (at your expense) on or after the policy commencement date;
- We must receive the completed and signed form within 14 days of the examination date.

1. Your details

Pet Insurance policy number

Policy Owner's Details

First name

Surname

Title

Other

Home phone (including area code)

Address

Suburb

State

Postcode

Work phone (including area code)

2. Pet details (one form to be completed per insured pet)

Pet's name

Dog

Date of birth

Male

Female

Breed

Cat

Additional notes

Important

You will receive written confirmation from us in the event that the waiting period for cruciate ligament conditions in respect of your pet is waived.

Unless you receive such written notification, the waiting period in respect to the pet identified on this form remains at 6 months for cruciate ligament conditions starting from the commencement date of the first policy period. Please note the completion of this form does not mean an automatic waiver of the waiting period for cruciate ligament conditions.

3. To be completed by vet

Veterinarian instructions:

Please physically examine the pet as indicated. (No other diagnostic tests are required).

Please tick YES or NO as best describes your findings, and add further details in the NOTES section at the end of the form. Please keep detailed notes in this pet's clinical records.

Policyholder's surname

Pet's name

Date of examination

Owner's history

Has the owner ever reported a history of the pet: limping, or difficulty arising? Yes No
(If YES please provide a copy of the clinical records)

Clinical observation - observe the pet walking, trotting, and arising from a seated position

Were there observable signs of clinical lameness? Yes No

Clinical examination - the clinical examination is performed without sedation or anaesthetic

Joint laxity - is there laxity in either of the knee joints?

Detected by:

Positive Cranial Drawer Test Yes No Tibial Compression Test Yes No

Pain or discomfort on palpation

Is there pain or palpation of either of the hind legs including hips and low spine? Yes No

(If YES indicate the areas where pain was elicited on palpation in NOTES)

Joint abnormalities

Is there crepitus, or any other abnormality in the joints? Yes No

Are the joints thickened, or are there indications of past injury or surgery? Yes No

Conclusion

Are the findings all normal (i.e. there is no evidence of cruciate disease)? Yes No

Veterinarian notes (please specify location and nature of any positive findings)

4. Declaration

I certify that the animal described on this certificate, and named above, has the clinical history and clinical signs as detailed above, and that the information provided by me on this form is truthful, accurate and complete.

I/We consent to PetSure (Australia) Pty Ltd ABN 95 075 949 923 (PetSure), collecting, storing, using and disclosing personal information (including sensitive information) as set out in the Privacy Notice contained in this form. If I/We have provided or will provide information to PetSure about any other individuals, I/We confirm that I/We are authorised to disclose their personal information to PetSure and also to give this consent on both my and their behalf.
